MEMORANDUM FOR Director, Department of Defense Dependents Schools Europe, Unit 29639, Box 7000, APO AE 09096-7000

SUBJECT: District Superintendent Performance Assessments

1. Thank you for inviting area support group (ASG) and base support battalion (BSB) commanders to provide their assessment of district superintendents. Our partnership strengthens school and community in the important goal of quality education. Requesting commanders' feedback will keep the command involved with school activities.

2. I will ask the Director, IMA-Europe, to direct ASG commanders to provide written input to you on the performance of district superintendents and take advantage of this opportunity to become more involved with the education of family members. I also will ask that ASG commanders have subordinate BSB commanders provide written input to district superintendents on the performance of school principals.

3. Commanders and school liaison officers will inform parents that DoDDS Europe values commander assessment of the school and district leadership.

4. Thanks for your invitation, commanders will submit assessments as requested and by working together, we can ensure the best possible education for our children.

Respectfully,

WILLIAM E. WARD
Lieutenant General, USA
Deputy Commanding General/
Chief of Staff
